A very beautiful gift to give oneself

The quartet we hired on 13/08/21 to accompany and perfect our wedding mass was really up to our expectations. Very adaptable, flexible, and professional, it was, I think, the best gift I could have given myself for the big day.

Fantastic performance!

We requested a violin and cello duo to accompany us at the church and during the cocktail hour - throughout the performance, Raphael and his colleague were absolutely perfect.

They cooperated very graciously with family members to organize songs during the ceremony and played a perfect mix of classical and pop during the cocktail hour. It was very well received and they created a wonderful atmosphere at the wedding. Extremely professional and really pleasant, thank you again.

Recital Production were amazing at our wedding at Chateau Gassies. They made the cocktail part of the day extra special and our guests loved them. The music is a great combination of modern music, with a nice classical feel which is perfect for the cocktail.
